Gentlemen:

In the Matter of the Application of) Docket Nos. 50-438
Tennessee Valley Authority) 50-439

BELLEFONTE NUCLEAR PLANT (BLN) - REVISION TO SCHEDULE FOR POSITION PAPERS
TO BE SUBMITTED FOR NRC'S REVIEW

By letter dated December 4, 1990, TVA provided a listing and schedule for
submittal of 12 selected technical position papers related to BLN license
basis confirmation. This correspondence provides a revised schedule for
submittal of 3 of the position papers related to BLN electrical issues.
The change in the schedule for these papers was discussed with
Mohan Thadani of your staff on March 19, 1991.

As discussed in our January 17, 1991 meeting with the staff, two
additional position papers involving the Integrated Control System and
the Applicable Safe Shutdown Condition for BLN are being developed. The
submittal schedule for these additional position papers has been
incorporated into the enclosed revision.

If you have any questions, please call Bruce Schofield at (205) 574-8058.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
