(NOTE: This will be used as the
Documents Title in ADAMS)

On 4/26/11 I spoke with Lon Wilson of CDL Nuclear Technologies, Inc.. L. Wilson had requested that Thomas Komorowski, M.D. be added to their license as an authorized user of 35.200 materials. The documentation provided did not contain the necessary information for approval of Dr. Komorowski. I requested that the licensee submit an NRC Form 313A(AUD) to document his training and experience. L. Wilson stated that he will talk to Dr. Komorowski to determine whether or not to wait for him to take his boards or prepare a preceptor form. I informed L. Wilson that we will void the action if we do not receive the information within 30 days.
