Mr. Brunner,

In my capacity of Liaison for the Seminole Tribe of Florida and review responsibilities of the Levy Nuclear Plant Units 1 and 2, I would like to request a copy of the images and maps for the above mentioned Transmission Lines when received from Progress Energy. Our Tribal Historic Preservation Office will be contacting you separately for a copy of these same maps. I will be reviewing them for impacts to T&E species and water resources in the area that may impact Tribal lands.

Thank You,
