Mr. Harold R. Denton, Director  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Harold:

Attached is a copy of the INPO report. Please remember it was their first and some bugs need to be ironed out. Also, the criteria, practice, and procedures for evaluations still need some tune-up.

The one thing that is impressive is that our people at the station feel the evaluation was extremely beneficial to them.

Sincerely,

  
Byron Lee, Jr.
