Ms. Tangela Niemann, Executive Assistant
Intergovernmental Relations Division
Texas Commission on Environmental Quality
P.O. Box 13087
Austin, TX 78711-3087

SUBJECT: NOTICE OF AVAILABILITY OF THE FINAL ENVIRONMENTAL IMPACT
STATEMENT FOR THE COMBINED LICENSES FOR COMANCHE PEAK
NUCLEAR POWER PLANT, UNITS 3 AND 4

Dear Ms. Niemann:

The U.S. Nuclear Regulatory Commission (NRC) staff and the U.S. Army Corps of Engineers (Corps) Fort Worth District, participating as a cooperating agency, have completed the final environmental impact statement (FEIS) for the combined licenses (COLs) for the Comanche Peak Nuclear Power Plant (CPNPP) Units 3 and 4. A copy of the FEIS, NUREG-1943, "Environmental Impact Statement for Combined Licenses (COLs) for Comanche Peak Nuclear Power Plant Units 3 and 4: Final Report," is included with this letter.

In a letter dated August 6, 2010, the NRC staff informed the Texas Commission on Environmental Quality that it had completed the DEIS (NUREG-1943), as part of its review of the application submitted by Luminant Generation Company, LLC for two COLs to construct and operate two new nuclear units at its CPNPP site near Glen Rose, Texas. At that time, a copy of the DEIS was enclosed to ensure that you and your staff were afforded the opportunity to provide information or comments under the provisions of the National Environmental Policy Act of 1969, as amended. Comments that were provided on the DEIS during the comment period, which ended October 27, 2010, were considered and are addressed in Appendix E of the FEIS.

A notice of availability for the FEIS is anticipated to be published by the NRC on May 20, 2011, in the *Federal Register*. This document will be available for public inspection at the NRC Public Document Room located at One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852 and in the NRC Agency-wide Documents Access and Management System (ADAMS) through the Public Electronic Reading Room, accessible from the NRC web site at <http://www.nrc.gov/reading-rm/adams.html>. The FEIS will be published in two volumes under accession numbers ML11131A001 and ML11131A002. The FEIS can also be accessed online at <http://www.nrc.gov/reactors/new-reactors/col/comanche-peak.html>
