**Re: Revision of the Dryer Amendment Notice of Intent
Docket 40-9068**

Dear Dr. Miller,

Lost Creek ISR, LLC, with this letter, is revising our previous Notice of Intent, dated January 6, 2010, regarding the submittal date of the license amendment to incorporate a yellowcake vacuum dryer. Lost Creek ISR, LLC now projects that the license amendment will be submitted in June 2011. This revision is necessary because of the delay in the issuance of the license for the facility.

The yellowcake vacuum dryer amendment will also contain a request to increase the annual production rate from 1 million pounds per year to 2 million pounds per year.

We do not believe this license amendment will require any additional NEPA analysis since the GEIS and the site specific SEIS have already reviewed the environmental impacts of the addition of the dryer. (See GEIS section 4.2.11.2 and throughout SEIS Chapter 4)

If you have any questions regarding this submittal or require additional information please feel free to contact me at (307) 265-2373.

Regards,

A handwritten signature in black ink that reads "John W. Cash". The signature is written in a cursive style and is positioned above a horizontal line.
