

EXECUTIVE PROFILE

Robert W. Poyser
Vice President
Regional Affairs
AREVA Enrichment Services LLC

Robert Poyser was appointed by the Board of Directors as Vice President of AREVA Enrichment Services LLC on January 1, 2009. Prior to his appointment, he served as the Vice President of Environmental Affairs & Sustainable Development for AREVA Inc., following its formation in 2002. The AREVA Group is the world leader in nuclear energy, power transmission & distribution, and is rapidly expanding its services in renewable energy.

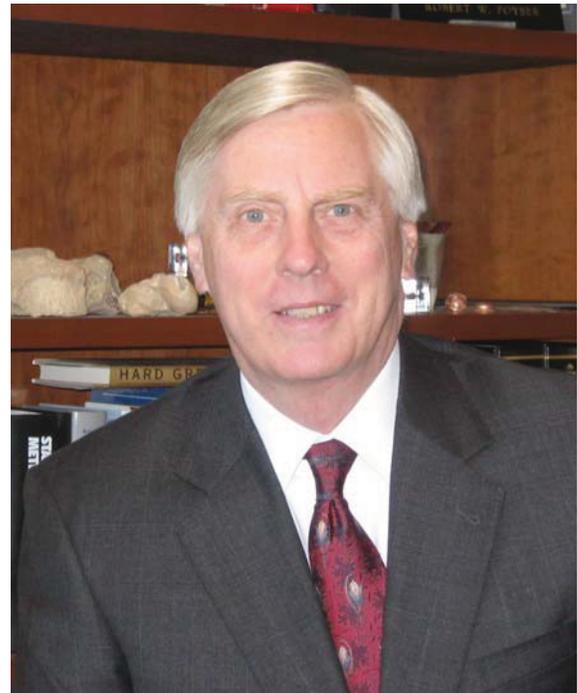

AREVA Enrichment Services LLC (AES) is the newly formed business unit responsible for the licensing, construction and operation of AREVA's Eagle Rock Enrichment Facility, a state-of-the-art gas centrifuge enrichment plant located near Idaho Falls, Idaho, USA.

Robert is responsible for the general management of the AES operations in the Idaho Falls office. He manages the community relations program, local and state issues, recruiting and staffing in the local office and managing the day-to-day requirements of the AES operation.

Robert brings with him considerable mining reclamation, environmental, regulatory and nuclear experience. From 1998-2002, he served as the Director of Environmental Programs and Strategy for AREVA, where he was responsible for the development and coordination of corporate environmental policies and procedures. He has been instrumental in providing environmental expertise as a member of all property acquisitions teams and has been

involved in all major business acquisitions since 1983.

Prior to assuming those responsibilities for AREVA, Robert directed environmental programs for Pathfinder Mines Corporation for more than two decades; before and

after it became a part of AREVA in 1982. From 1973 to 1977, he served as an environmental engineer and staff soil scientist for Utah International, an international mining company and predecessor to Pathfinder Mines Corporation.

Robert holds a Bachelor of Science Degree in Agriculture from California

Polytechnic State University and was recently appointed to the Governor's Workforce Development Council.
