Subject: RE: EDF participants at DDec 8 meeting

Angie,

For the December 8 meeting will UniStar have presentation materials and perhaps require the use of a projector? Materials presented at a public meeting will need to be available as handouts and will be entered into the NRC ADAMS document management system for public availability.

Angie,

I have entered all four names for the December 8 meeting into our visitor registration system. In addition, call in information is provided in the attachment.

Visitors should enter the front doors of Building Two, 11545 Rockville Pike, as that is where the meeting will take place and there is construction at the main entrance to Building One (11555 Rockville pike). However the side entrance to Building One, along Marinelli Drive, is temporarily in use as the main entrance (follow the sign) and visitors can be processed in at either building. From Building One there will be a short walk through the lobby area and passageway to arrive at the lobby for Building Two. Visitors will wait in the lobby of Building Two for escort to the meeting room and will need escort for movement in all areas of either building, except for the lobby areas and walkway.

Call if there are questions,

Jim Steckel

Subject: EDF participants at DDec 8 meeting

Good Morning Jim,

I am following up on our conversation last week concerning attendance at the Dec 8th meeting on UniStar's foreign ownership negation plan. The follow people from EDF, Inc. plan to attend. Further, Steve Wolfram will be part of the UniStar team making the presentation.

Steven Wolfram, chairman of UniStar, and General Counsel, Development for EDF Group
Michel Maschi, vice president, Nuclear, EDF, Inc.
Pauline Crane, counsel, EDF, Inc.
Nathalie Trepo, analyst, EDF, Inc.

Do you need any further information on these individuals? They will have personal identification with them. Which entrance to Two White Flint is best to use for the meeting room location?

In addition, could you please provide me with the call in number as I will likely be able to call in for some part of the meeting. May I share this number with the EDF, Inc. staff as some may want to listen from the office?

Thank you for your assistance.

Angie Howard
