**Subject:** Nuclear Gauge Shipment day

Hello Blake,

Today at approx. 4:30pm I shipped the Nuclear Gauge (Serial # M15116476) from FedEx. The Gauge is expected to arrive at sometime tomorrow at QSA Global, 6765 Langley Drive, Baton Rouge, Louisiana. QSA Global is the original manufacturer of the gauge sources. I'll be filing all the papers that has to do with the gauge transfer for disposal.  
Thanks for all your help and assistance on this matter.

Eli R. Olivieri
