Mr. LaFranzo

My apologies for not including that information.

The H-3 ECD (Model 96-92; 139 millicuries as of 2/76) has been entered into the HP Assist inventory system and will be inventoried at three month intervals.

If you have further questions do not hesitate to contact me.

Sincerely,

Eric R. Jeppesen, CBSP
Manager, Biosafety/Biosurety Office

Subject: RE: Response to inventory question

Mr. Jeppesen,

Could you confirm that the H-3 ECD (Model 96-92; 139 millicuries as of 2/76) , that had been entered into the HP Assist inventory system, will be inventoried at three month intervals. Thank you
