Subject: Stop the AP1000 (Docket ID NRC-2010-0131)

DOCKETED
USNRC

May 5, 2011 (10:45 am)

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Dear Secretary Vietti-Cook,

Until the country implements a way to deal with the existing nuclear waste no new plants should be built. Further, Japan proved that existing storage methods are absolutely unsafe.

For our children. please consider the realities of these two issues.
