Ms. Cheryl Rogers
Radioactive Materials Program Supervisor
Department of Health Services
1 West Wilson Street
Madison, WI 53703

Dear Ms. Rogers:

I am writing on behalf of the U.S. Nuclear Regulatory Commission (NRC) to call your attention to the Organization of Agreement States (OAS)/Conference of Radiation Protection Control Directors (CRCPD) Commission briefing scheduled for August 2, 2011. To underscore the importance and usefulness of this meeting, please note it is a convening of the executive leadership of both the aforementioned organizations to discuss issues of significant interest to the States and NRC in the areas of nuclear regulation, nuclear security, and radiological public health and safety. This briefing, held annually, provides a unique opportunity to discuss issues of mutual interest with the OAS/CRCPD leadership and with the NRC Commission. In these challenging economic times, it may be timely to recall that NRC provides full funding for all per diem and travel expenses for OAS State personnel in support of this meeting.

As the OAS's Chair-Elect, your presence at the conference will enrich and contribute to the proceedings, and ensure full and balanced consideration of interests and concerns of the agreement states. Recognizing the importance of the meeting and NRC funding of travel expenses, it is my hope that the State of Wisconsin will support your participation in this Commission briefing. If you have any questions regarding this briefing, please do not hesitate contacting me directly at (301) 415-7278.

I thank you for your time and attention and for further consideration of this invitation.

Sincerely,

/RA/
