Mr. Vanterpool:

I am performing the review to add mobile nuclear medical service (April 21, 2011 letter) and adding areas of use (letter dated April 7, 2011) to Kalispell license 25-15463-01. I noticed that the request is for expedited processing. These two cases have been transferred from Carol Hill, licensing assistant, who performed the initial processing, to me. I will be contacting you soon to request additional information/clarification.
