Ok, Thanks.

Lets schedule then from May 24-26 for the TP site visit. I think is safer for us to schedule 3 days instead of 2.

The following people will be attending:

- 7 NRC Staff members
- 1 USGS consultant
- 1 ISL consultant
- 1 NRC branch chief (tentative)

Thanks

Frankie

It is OK with the Florida Power and light. How many people are planning to go?

Manny;

I know we had talked about scheduling our site audit for June 6-7, 2011 but some of our key staff and contractors will not be available during those dates. Can we move the site audit dates to May 24-25 instead?

Thanks
