Jason,

Is this a question that can be left as open? I notice the response date does not appear timely to support issuance of the SE with open items.

Can either you or Surinder please explain this to me.

Thanks, Joe.

Rob,

Attached is Draft RAI No. 296 (eRAI No. 4460). You have until February 24, 2011 to review it and decide whether you need a clarification phone call to discuss any questions in the RAI before the final issuance. After the phone call or on February 24, 2011, the RAI will be finalized and sent to you for response. You will then have 30 days to provide a technically complete response or an expected response date for the RAI.

Thanks.
