Surinder:

Do you have an answer to Samantha's question below? It goes back to 2007, before I was PM for Chapter 17.

Thanks,

Jason

Good afternoon Jason,

I know that Eugene finished his review of the newest revision of Topical report UN-TR-06-001 and provided input to you for Calvert 17.5. I have the closing of the open item associated with that review marked as 100% in mytasks. However, when we did the review of UN-TR-06-001-A rev 0 in 2007, we wrote a separate SER for the topical report so that other applicants could reference the topical. This time, we wrote it in the Calvert SER. Should we write a separate SER for the topical so other applicants can reference it and revise the input that Eugene gave you to be specific to Calvert (and reference the new SER for the new revision of the topical)? If so, please let me know what you need from us before the P4 due date for Calvert.
