William M. Dean
Regional Administrator
U.S. NRC Region I
475 Allendale Road
King of Prussia, PA 19406

Mr. Dean,

This letter has been composed to serve as Superior Well Services' confirmation that all of the actions described in the Confirmatory Order issued on February 8, 2011 have been completed. Details describing the final action's completion are listed below.

The final remaining action consisted of providing a presentation to the Society of Petroleum Engineers.

Requirement B:

Within 90 days of the date of this order, complete the following actions:

1. For the SL III Problem involving violations associated with the loss of RAM, SWS will:
 - a. Provide presentations that discuss this event and SWS' lessons learned and corrective actions at the following forums: ...
 - i. Society of Petroleum Engineers

SWS Completion Details:

1.a. Superior Well Services provided a presentation that discussed the loss of RAM, their lessons learned and their associated corrective actions at the Society of Petroleum Engineers meeting on March 16, 2011. The information was presented on behalf of SWS by Mr. Marty Comini, Wireline General Manager, of SWS.

An email from the secretary of the SPE is attached to this letter to serve as documented proof of SWS providing the presentation.

Thank you for your assistance in this matter. Please feel free to contact me with any comments or questions regarding this letter.

Respectfully,

Lew Cessna
HSE Compliance Manager

To: Comini, Marty

Subject: SPE March Meeting

Marty,

This email serves as proof that you presented "New Best Practices and Lessons Learned for Handling of Radioactive Sources" at the March SPE meeting. The meeting was held at noon, March 16th at Edgewood Country Club in Charleston, West Virginia.

Thank You,

Bryce B. Yeager
Secretary- SPE Appalachian Petroleum Section- #37
