Dear Ms. Nguyen:

In answer to your request of April 14, the information you requested is as follows:

1. On April 1st, 2011 Charlotte Hungerford Hospital acquired the assets of Associates of Cardiovascular Medicine, LLC and began office operations at that site as a department of the hospital. The name of the facility has changed to Charlotte Hungerford Hospital Cardiovascular Medicine. Please contact Ms. Jennifer Tyrian, Manager of Diagnostic Services, Charlotte Hungerford Hospital, Ph: 860-496-6552, if more information is needed.
2. No changes to existing personnel are to be made. The cardiologists presently listed on the license will continue as authorized individuals on the Charlotte Hungerford license. The nuclear medicine technologist will also remain. Future changes will include in-servicing of any new personnel.
3. There are no planned changes in the organization, location, facilities, equipment, or procedures relating to the licensed program.
4. The status of the surveillance program has been reviewed by our Radiation Safety Officer, Mr. Gerald J. Randall, and all surveys, wipe tests, quality control records have been found up to date and acceptable.
5. Since we expect a seamless transition with no interruption of service, and no changes of personnel, the facility will not be decommissioned.
6. Charlotte Hungerford Hospital will abide by all the constraints, conditions, requirements, and commitments of the transferor.

Thank you for your prompt attention to this matter.
