General Comment

The State of Nevada, Agency for Nuclear Projects, supports the guidance provided by NUREG-0561, Rev 2, for the proposed rule 10 CFR 73.37. Nevada particularly endorses Sec. 2.1, NRC Approval of Spent Nuclear Fuel Routes; Sec. 2.2, Preplanning and Coordination of Shipments; Sec. 2.4, Communications; Sec. 2.6, Armed Escorts; Sec. 3.1, Protection of Road Shipments; Sec. 4.1, Protection of Rail Shipments; and Sec. 5.1, Protection of Sea Shipments. These sections of the guidance document, in combination with the specific provisions of the proposed rule, address concerns raised by Nevada in our 1999 petition for rulemaking, PRM-73-10. Thank you for the opportunity to submit these comments.
