Steve,

Attached are maps which provide directions on how to get to Comanche Peak. We will plan on meeting the NRC folks at the front of the CPE building, which can be found on one of the attached maps.

My understanding is that up to 3 individuals from the NRC will be here early afternoon of June 6 for this tour and that they will be going back to the area of the Enercon Dallas offices that evening in order to participate in the section 2.5 public meeting the following days.

Steve,

Attached is a clarification that may make the table in the FSAR clearer and may help with our audit preparations.
