**Subject:** Fermi 3 Environmental Review--Teleconference Today at 2:00 PM

We have a teleconference scheduled for 2:00 PM ET to discuss RAI responses and general issues with Detroit Edison.

John Fringer will be contacting the Brian Grennell of the Michigan SHPO to see if he can join in the discussion. The NRC has still not received written feedback from their office.

Are there any other topics to be raised with Detroit Edison?

There may be some general update comments to talk about, such as the Michigan DEQ and Army COE permitting.

Thanks.....
