

May 20, 2011

Terrence Reis, Deputy Director  
Division of Materials Safety and State Agreements  
Office of Federal and State Materials and Environmental Management Programs  
Mail Stop T-8E24  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001

Dear Mr. Reis:

Enclosed are the final regulations 32 Ill. Adm. Code Parts 310, 330, 335, 340, 346 and 400. The revisions correspond to equivalent provisions in the NRC regulations. Please refer to the attached guides for cross references (RATS 2007-1-MAP.DOC, 2007-2-MAP.DOC, 2007-3-MAP.DOC, 2008-1-MAP.DOC and 2009-1-MAP.DOC) between the NRC regulations and the Illinois rules.

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of Federal and State Materials and Environmental Programs (FSME) Procedure SA-200. We request the review of these regulations under FSME Procedure SA-201. Under this procedure, we understand that the review will be completed as soon as possible not to exceed 60 days.

Thank you for your consideration in this matter. Please send us confirmation that these rules have been received and accepted for review. If you have any questions, please feel free to contact me or Mike Ewan at (217) 785-9947.

Sincerely,

Charles G. Vinson, Head  
Radioactive Materials Section  
Illinois Emergency Management Agency

Cc: Kathleen Schneider  
State Regulation Review Coordinator  
State Agreements and Industrial Safety Branch  
DMSSA, FSME
