**BELL BEND NUCLEAR POWER PLANT
SECOND PRELIMINARY JURISDICTIONAL
DETERMINATION REVISION
BNP-2011-085 Docket No. 52-039**

The purpose of this letter is to provide materials in support of a revision to the second Preliminary Jurisdictional Determination (JD) request, BNP-2010-288, dated December 3, 2010. This revision incorporates two small wetlands that had been flagged and surveyed but were inadvertently omitted from the submitted table and map. These wetlands are identified as 32A and 47A on the JD index map.

Enclosed please find the following materials in support of your determination:

- "Revised Table 1. Summary of U. S. Army Corps of Engineers regulated areas for the Bell Bend Site Second Preliminary Jurisdictional Determination," dated March 31, 2011.
- Revised "Wetlands Index Map", two (2) pages, dated March 31, 2011, which is cross referenced to the above table.
- A set of eighteen plan sheets, showing the boundaries of USACE jurisdictional wetlands and waterway features, and provided in both 11" x 17" format as well as full size (22" x 34") for your use. Plan sheets 11 and 13 have been revised to show wetlands 32A and 47A and have revision dates of "03/31/11".

We appreciate your continued assistance with this process. Should you have any additional questions I can be reached at 610-774-6508 or via e-mail at bawise@pplweb.com.

Respectfully,

A handwritten signature in cursive script that reads 'Bradley A. Wise'.
