I spoke with Mr. Peterson about the need to renew the license. He stated that he was aware that the license was coming up for renewal but was waiting for the package from headquarters to start. I informed him that this practice had been discontinued since all the information was now on-line. I showed him where he could access the information he would need to put together a renewal application. Mr. Peterson stated that he would work on the application but get in a letter requesting renewal of the license before the end of the day.
