

**UNITED STATES
NUCLEAR REGULATORY COMMISSION**

REGION III
2443 WARRENVILLE ROAD, SUITE 210
LISLE, IL 60532-4352

May 25, 2011

LICENSEE: Exelon Generation Company, LLC

FACILITY: Dresden Nuclear Power Station Units 2 and 3

SUBJECT: SUMMARY OF THE MAY 11, 2011, OPEN HOUSE PUBLIC MEETING TO DISCUSS NRC ACTIVITIES, NUCLEAR POWER ISSUES, AND THE 2010 DRESDEN NUCLEAR POWER STATION UNITS 2 AND 3 END-OF-CYCLE PERFORMANCE ASSESSMENT

On May 11, 2011, an open house public meeting was held at the Morris Public Library, Morris, Illinois, between the U.S. Nuclear Regulatory Commission (NRC) and the Dresden Nuclear Power Station management and staff. The purpose of the open house meeting was to provide an opportunity for the public to discuss NRC activities, nuclear power issues, and Dresden Nuclear Power Station performance for the period of January 1, 2010, through December 31, 2010. The NRC letter and meeting notice for this open house can be found in the Agencywide Documents Access and Management System (ADAMS) as ML111030097 and ML111030093 respectively. A list of the open house attendees who signed the attendance sheet is enclosed.

The open house discussed an overview of the NRC's Mission and Strategic Goals, the Reactor Oversight Process (ROP), and national ROP results. The NRC discussed other agency regulatory activities such as nuclear security and safeguards, the license renewal process, spent nuclear fuel and independent spent fuel storage installations, radiation safety, new nuclear power plant construction, and licensing activities.

The NRC also provided discussions related to the NRC's assessment of the Dresden Nuclear Power Station performance, which was documented in the March 4, 2011, End-of-Cycle Assessment Letter (reference ADAMS Accession Number ML110620477). As part of this open house, both Exelon and Illinois Emergency Management Agency (IEMA) representatives

were available to address questions and concerns. Slides used to describe the NRC's ROP process and Dresden Nuclear Power Station 2010 performance can be found in ADAMS under ML111320216. Throughout the open house, members of the public were given the opportunity to ask questions of IEMA officials, Exelon officials, and NRC officials.
