Hi Kamran,

Attached are the draft versions of the CoC and SER for the TN-40 transportation package. While reviewing, please limit your comments to technical issues in the SER; however, feel free to provide both technical and editorial comments in the CoC. Please provide your comments by the end of May 24th.

Per our previous discussion, please provide the official submittal of Rev. 14 to the SAR when providing your comments.

We look forward to receiving your comments and let me know if you have any questions.

Thanks,
