Dear Dr. Lodhi:

Per our recent conversations, this letter is to notify you that it is the intention of McElroy Coal Company, McElroy Preparation Plant, to transfer the following Generally Licensed devices to the new Specific License which is currently being renewed by your office. The license number being renewed is 37-25561-01. However, as we discussed by phone 5/25/2011, because this renewal is changing the mailing address from a Pennsylvania address to the actual plant location in West Virginia where the materials are being used, a new license number will be issued.
