Subject: RE: Appendix B license condition

We had a great time thanks. Here is the revised license condition:

For purposes of demonstrating compliance with the Kansas Radiation Protection Regulations, the licensee shall include in Appendix B of "appendices to part 4: standards for protection against radiation," effective April 1994, as published by the department, the following isotopes and concentrations:

- A. Table 1 Column 2: Class: Submersion¹ Oxygen-15 and Nitrogen-13 4E-6 uCi/ml
- B. Table 1 Column 3: Class: Submersion¹ Oxygen-15 and Nitrogen-13 2E-8 uCi/ml
