Yukako Hill needs information from Steve Monarque to complete the R-COLA packing slip. The Packing Slip guide says that the information should be obtained from the NRC PM.

She needs the "Document Number" and "Revision Number" from NRC for both the public and non-public versions of DCD Rev 3.

Her explanation is below... can you get the info from Steve?

thanks,

Russ

Purpose:

Packing Slip guide suggests that you(Luminant/MNE) get the reference document number and revision number which is DCD Rev3 submittal document number and revision number from NRC Project manager directly to ensure that the number is correct.

There are Non public and public version,so 2 different numbers and revision numbers should be provided to us for Luminant Packing Slip.

These reference document number and revision number are needed to Luminant Rev2 submittal packing slip.

The below is the part of packing slip (converted to excel sheet to view for everybody) and "DocumenNumber" and "RevisionNumber" are needed to ask NRC Project manager.
