Exelon Nuclear Texas Holdings, LLC (Exelon) submitted an application for an early site permit (ESP) in Reference 1 for the Victoria County Station (VCS) site. That submittal consisted of six parts as described in the referenced letter.

On January 25, 2011, Exelon submitted to the Texas General Land Office (GLO) a Texas Coastal Management Program (CMP) consistency statement and consistency determination request for the VCS project. That correspondence was transmitted to the NRC in Reference 2. The GLO responded to Exelon's request on June 1, 2011, stating:

"The project was reviewed for impacts to coastal natural resource areas within the CMP boundary. No unavoidable adverse impacts were found. Therefore, this project is consistent with the CMP goals and policies."

The GLO CMP consistency determination letter is provided as Enclosure 1.
