Office of Federal and State Materials  
and Environmental Management Programs

SUBJECT: APPROVAL FOR PUBLICATION OF FINAL ENVIRONMENTAL  
ASSESSMENT FOR NUCLEAR FUEL SERVICES, INC.  
PROPOSED LICENSE RENEWAL

The staff has completed preparation of the final Environmental Assessment (final EA) for the Nuclear Fuel Services, Inc. (NFS) proposed license renewal. This final EA documents the staff's analysis of the potential environmental impacts from the proposed action (i.e., renewal of the NFS license for 40 years) and reasonable alternatives to the proposed action. Based on this analysis and pursuant to 10 CFR 51.31 and 51.32, the NRC staff has determined that preparation of an Environmental Impact Statement (EIS) is not warranted and that a Finding of No Significant Impact (FONSI) is appropriate. In accordance with 10 CFR 51.32, the staff intends to notice the FONSI in the *Federal Register*, summarizing the final EA and stating the determination that an EIS will not be prepared for the proposed action.

The Office of General Counsel has reviewed the final EA and has no legal objection to the publication of the document. The final EA is enclosed.

Enclosure: Final EA
