SUBJECT: MAINTENANCE OF FINAL ENVIRONMENTAL ASSESSMENT AND FINAL FINDING OF NO SIGNIFICANT IMPACT FOR THE PROPOSED RENEWAL OF U.S. NUCLEAR REGULATORY COMMISSION LICENSE NO. SNM-124 FOR NUCLEAR FUEL SERVICES, INC.

Dear Ms. Georgeff:

In a telephone conversation last October with Ms. Tarsha Moon of my staff, you indicated your willingness to maintain in the Greeneville/Greene County Public Library certain U.S. Nuclear Regulatory Commission (NRC) documents. These documents are related to the NRC staff's environmental review of a request by Nuclear Fuel Services, Inc. (NFS) to renew its NRC license for the NFS facility in Erwin, Tennessee. At that time, we mailed to you a Draft Environmental Assessment (EA) and a Draft Finding of No Significant Impact (FONSI) that were being made available for public comment.

The public comment period on the Draft EA and the Draft FONSI closed on December 31, 2010. The NRC staff has addressed the comments it received and has issued a Final EA and FONSI, which are enclosed. We ask your assistance in making available the Final EA and FONSI for viewing by interested members of the public.

Electronic versions of these two documents also are available at the NRC's Public Electronic Reading Room, accessible via the internet at <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation. If you have any questions, please contact James Park by telephone at 301-415-6935 or via e-mail at [James.Park@nrc.gov](mailto:James.Park@nrc.gov).

Sincerely,
