Docket No. 50-305

Gentlemen:

We wish to advise you that the Trial Resident Inspection Program, which we initiated at your Kewaunee facility in June 1974, will be terminated effective August 1, 1976. Mr. Boyd, Resident Inspector, will be reassigned to another facility and Mr. D. R. Hunter of this office will be assigned as Project Inspector under the routine inspection program. Although Mr. Boyd has moved his residence back to the Glen Ellyn, Illinois, area effective June 7, 1976, the Two Rivers, Wisconsin, office will continue to be used until July 31, 1976. As you have done in the past when Mr. Boyd is not available at the Two Rivers office, please direct telephone notification of reportable occurrences to our Glen Ellyn office. We also request that you direct all correspondence to the Glen Ellyn office effective as of receipt of this letter.

In addition to previous discussions which we have held with you and your representatives, we are requesting your written comments on the implementation of the program at your facility to further assist us in the evaluation of the Trial Resident Inspection Program. It would be of greatest benefit if you could provide these comments by August 1, 1976.

We wish to take this opportunity to express our appreciation for your cooperation and critical comments to date regarding implementation of the Trial Resident Inspection Program at Kewaunee.

Wisconsin Public Service  
Corporation
