## WISCONSIN PUBLIC SERVICE CORPORATION

P.O. Box 1200, Green Bay, Wisconsin 54305

August 6, 1982

Mr. Steven A. Varga, Chief  
Operating Reactors, Branch #1  
Division of Licensing  
U. S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Varga:

Docket 50-305  
Operating Licensing DPR-43  
Kewaunee Nuclear Power Plant  
Reactor Test Program

Reference: 1) Letter from C. W. Giesler (WPSC) to S. A. Varga (NRC) dated  
July 22, 1982, on the subject of 'Reactor Test Program,  
Revision 2'

On July 22, 1982 we revised and submitted the 'Reactor Test Program, Kewaunee Nuclear Power Plant, Revision 2.' Upon review of that document we have found that several of the revisions submitted were erroneously omitted in Table 1, Acceptance Criteria for Reactor Tests. Specifically, the review criteria for measured normalized reaction rate difference in symmetric thimbles and the review criterion for calculated quadrant tilt previously revised (reference 1) were not included in Table 1. Table 1 has been changed to reflect these revisions. Please replace Table 1 of the 'Reactor Test Program' with the revised Table 1.

Enclosed please find forty (40) copies of the revised Table 1.

Very truly yours,

A handwritten signature in cursive script, appearing to read "CR Giesler for".

Carl W. Giesler  
Vice President - Nuclear Power
