Gentlemen:

Docket 50-305
Operating License DPR-43
Kewaunee Nuclear Power Plant
Certification of Plant-Referenced Simulator

- Reference: 1) Letter from K. H. Evers (WPSC) to Document Control Desk (NRC) dated March 22, 1991
 2) Letter from K. H. Evers (WPSC) to Document Control Desk (NRC) dated July 31, 1991

Reference 1 submitted Wisconsin Public Service Corporation's (WPSC) signed form NRC-474 "Simulator Facility Certification" and the Kewaunee Nuclear Power Plant Simulator Certification Report. Appendix E of reference 1 listed the exceptions taken to ANSI/ANS-3.5-1985, the justification for each exception and, as appropriate, an estimated date for resolving each exception.

A simulator software modification package was completed in July of 1991, which eliminated a number of these exceptions. Therefore, Appendix E was resubmitted in its entirety in Reference 2. Please disregard Appendix E in both reference 1 and reference 2 and replace it with the attached revision B dated January 7, 1992. Revision B of Appendix E is being submitted due to the resolution of the three remaining open exceptions. Revision B is the last revision which will be made to Appendix E.

If you have any questions or need additional information, please contact me or Jim Brandtjen at 414-388-2560, Ext. 2421.

Sincerely,

C. A. Schrock
