March 4, 1981

Mr. James G. Keppler, Regional Director
Office of Inspection & Enforcement
Region III
U. S. Nuclear Regulatory Commission
799 Roosevelt Road
Glen Ellyn, IL 60137

Dear Sir:

Docket 50-305
Operating License DPR-43
Kewaunee Nuclear Power Plant
IE Bulletin 80-15: Possible Loss of Emergency Notification
System with Loss of Offsite Power

Reference: Letter of September 11, 1980, from E. R. Mathews to J. G. Keppler

It has come to our attention that our response (referenced above) to Bulletin 80-15 was not submitted in accordance with the provisions of 10CFR50.54(f), as requested. This letter provides the proper affirmation as required by 10CFR50.54(f).

To the best of my knowledge, the information submitted to the NRC in our letter of September 11, 1980, is correct.

Very truly yours,

E.R. Mathews
E. R. Mathews, Vice President
Power Supply & Engineering
