

Docket No. 50-305

AUG 25 1975

NOTE TO: NRC PDR  
Local PDR

The letter from Wisconsin Public Service Corporation dated July 29, 1975, to Mr. Robert A. Purple, Chief, Operating Reactors Branch #1, Division of Reactor Licensing, submitted enlarged copies of process and instrumentation drawings plus electrical schematics. It was found impractical to place these drawings in the PDRs since they are enlarged copies of figures appearing in the FSAR for the Kewaunee Nuclear Power Plant. A list of the drawings is enclosed.
