REVIEW OF INDUSTRIAL SECURITY MANUAL, KEWAUNEE PLANT

Utility: Wisconsin Public Service Corp.

Licensing Stage: Post-OL

Cognizant LPM: J. D. Neighbors

Review Branch: IS&EP:RL

Review Status: Complete

Reference: Revision #5 of the Kewaunee Plant Industrial Security Manual, submitted with letter dated 5/19/75.

With a letter dated February 27, 1975, Wisconsin Public Service Corp., submitted Revision #4 of the subject manual. Due to lack of clarity on a few points and to inadvertent omissions of several pages, we met with the licensee on April 17, 1975, as a result of which Revision #5 was submitted as noted above.

We have reviewed the changes through Revision #5 and find that they do not decrease the effectiveness of the Kewaunee security program as previously approved. We suggest that the licensee be so notified.
