Gentlemen:

Docket 50-305 Operating License DPR-43 Kewaunee Nuclear Power Plant Cash Flow Projection for 1981 - 10CFR140.21 Requirements

Reference: Letter from J. Saltzman to E. R. Mathews dated December 19, 1980

In accordance with the requirements of 10CFR140.21, this letter submits actual cash flow for 1979 and cash flow projections for 1980 and 1981, for Wisconsin Public Service Corporation, Wisconsin Power & Light Company, and Madison Gas & Electric Company, joint owners of the Kewaunee Nuclear Power Plant.

It is our understanding that these projections fulfill our requirements as specified in 10CFR140.21 for the years 1980 and 1981.

Please note that the 1980 projection is an estimate since all of the figures for 1980 are not yet available. We are confident that the estimate is very close to actual cash flow.

Very truly yours,

E. Mathews
