Mr. Donald L. Quistorff  
County Board Chairman  
Kewaunee County Courthouse  
Kewaunee, Wisconsin 54216

Dear Mr. Quistorff:

The Atomic Energy Commission has submitted to the Office of the Federal Register for filing and publication a notice relating to the consideration of issuance of a facility operating license which would authorize the Wisconsin Public Service Corporation, Wisconsin Power and Light Company, and Madison Gas and Electric Company as co-licensees, to possess, use, and operate the Kewaunee Nuclear Power Plant pressurized water type nuclear power reactor on the applicants' site in Kewaunee County, Wisconsin.

As stated in the notice, reactor operation will be authorized at steady state power levels not to exceed 1650 megawatts (thermal) in accordance with the provisions of the license and the Technical Specifications appended thereto, upon the submission of a favorable safety evaluation of the application by the Commission's Directorate of Licensing, the completion of the environmental review required by the Commission's regulations in 10 CFR Part 50, Appendix D and a finding by the Commission that the application for the facility license (as amended) complies with the requirements of the Atomic Energy Act of 1954, as amended, and the Commission's regulations in 10 CFR Chapter 1.

A copy of the notice is enclosed for your information. Copies of the proposed operating license with appended Technical Specifications, a related safety evaluation prepared by the Directorate of Licensing and the draft and final environmental statements referred to in the notice will be sent to you as soon as they become available.

Sincerely,

Original signed by  
K. Kniel  
Karl Kniel, Chief  
Pressurized Water Reactors Branch No. 2  
Directorate of Licensing

Enclosure:  
Federal Register Notice
