12:15 I left a message for Mr. Port to call me back.

14:30 I talked to Mr. Port concerning the application to make Kerense Rechner, DVM, an authorized user. The training in North Carolina is marked as taking two years in each category. The training in Connecticut under Radiocat is marked as taking 2 hours in each category. I requested confirmation that the training was conducted over a period of time in North Carolina and whether the training in Connecticut actually took two hours in each category. Mr. Port stated that he would contact Dr. Rechner and obtain information about her training. On a side note, I informed Mr. Port that upon reviewing the license's tie-down condition, the letter dated January 12, 2010 stated that a trailer used at the Middleton, Connecticut facility would be decommissioned after the approval of the proposed facilities. I asked Mr. Port about the current status of the trailer and he said that the trailer was not being used, was rented and was not likely to be used. He would check with the licensee to determine if a request to obtain approval for "free release" of the trailer would be made.
