RADAC

WITH GLOVES

A MicroBeta counter is positioned on a lab bench. On top of it is a pink rack holding several vials. A white spray bottle labeled 'RADAC' and a clear plastic cup containing pens and markers are also on the bench. A box of Kimwipes is visible in the background. A blue lab coat is partially visible in the foreground.

51 Cr Hood

WARNING

ORMA Scientific

A 51Cr Hood is a specialized laboratory hood for handling ⁵¹Cr. The front panel features a pressure gauge at the top center, a digital display, and several safety signs including a biohazard symbol, a radiation warning sign, and a 'WARNING' label. A floor plan labeled '51Cr Survey Map' is taped to the front. Inside the hood, there is a red plastic bag, a white bucket with a radiation warning label, and a cardboard box labeled 'Tops'. A blue container is also visible on the right side.
