

Serial: NPD-MISC-2011-008
May 31, 2011

Annie Dziergowski
Fish and Wildlife Biologist
U.S. Fish and Wildlife Service
7915 Baymeadows Way, Suite 200
Jacksonville, FL 32256-7517

Dear Ms. Dziergowski:

RE: Progress Energy Florida – Proposed Levy Nuclear Plant Project

This letter serves as a follow-up to our April 25, 2011 letter, Serial: NPD-MISC-2011-007. Attached please find the following:

- Attachment 1 – Summary of Spring Federal Listed Plants Survey
- Attachment 2 – Discussion of USFWS Listed Plant and Animals and the Potential Occurrence on Mitigation Sites
- Attachment 3 – The additional Florida Land Use, Cover and Forms Classification System (FLUCFCS) Analysis for the transmission lines.
- Attachment 4 – Wood Stork Foraging Habitat Assessment in accordance with the USFWS/USACE Wood Stork Key for Central and North Florida (2008)

Attachments 1 and 2 are provided based on recent discussions with you regarding additional information that would facilitate your reviews. Attachments 3 and 4 are the additional information that was specifically promised in our April 25, 2011 letter.

If you have any questions regarding this information please contact Paul Snead at 919-546-2836 or paul.snead@pgnmail.com.

Sincerely,

A handwritten signature in black ink, appearing to read 'Robert Kitchen', written over a white background.

Robert Kitchen
Manager Nuclear Plant Licensing
New Generation Programs and Projects
