Subject: Additional information for amendment requests

On June 2, 2011, Peter Mas informed me that Monica Rossi passed the ABR oral examination. He said the licensees will submit additional information to approve her as AMP using the board certification pathway. This will be provided after formal documentation is received from ABR.

On June 17, 2011, I contacted Peter to ask about the status of this additional information. He said that the formal letter from the ABR has not yet been received. I extended the deadline for the licensees' responses to June 27, 2011. If responses are not received by that date, we will void the requests and ask for them to be resubmitted after receiving the formal letter from the ABR.

I reminded Peter that the licensees should also submit a new preceptor attestation for the board certification and documentation of completion of training on the licensees' Nucletron HDR equipment.

Action Required: Await response, and then issue amendment. Void requests if response not received by June 27.
