RE: Wendell Yap, MD

Dear Ms. West:

I am writing this letter to validate the Authorized User status for Wendell Yap, MD, at The University of Kansas Hospital. The Radiation Safety Committee originally approved Dr. Yap as an AU for 35.100, 35.200 and 35.300 (all uses) in 2001 and subsequently re-instated him to the same level in July 2007 after an absence of several years. He is one of the primary nuclear medicine physicians for this institution.

If you need additional information please contact me.

Ruth Schukman Dikotae

Sincerely,

Ruth Schukman-Dakotas Radiation Safety Officer
