Event Text

AGREEMENT STATE REPORT - TWO PATIENTS GIVEN IODINE-123 TREATMENTS ABOVE PRESCRIBED AMOUNT.

The following information was received from the State of Florida via facsimile:

"During inspection it was found that two patients were given I-123 treatments greater than 20% of prescribed amount. The amount prescribed was 200 microcuries. The amounts given were 318 microcuries [for patient #1] and 314 microcuries [for patient #2]. [The State of Florida] Licensing and Materials Office is investigating this incident."

Florida Incident FL09-032.

A Medical Event may indicate potential problems in a medical facility's use of radioactive materials. It does not necessarily result in harm to the patient.
