Chris,

I know it is later than what you wanted but I was able to get the HR documents from the backend of the system and come up with an estimate of approximately \$791,000. Let me know if you need anything else.

Thanks,

Billy,

I appreciate your help on this, and any estimate you provide will be more accurate than my SWAG budgetary number.

Thank you,

Chris

Chris,

I may be able to get a number of hours and do a work around and use the hourly rate to get you some sort of estimate. Just got this news. So it may be possible to work this way.

Thanks,  
Billy

Billy,

Any possibility of getting an estimate for the Exelon ESP costs before 1200 today (2/2)? I will default to my budgetary estimate if needed, but having the expected NRC costs would be preferred.

Thank you,

Just a friendly reminder on an estimate for NRC fees for Exelon's ESP project for 4Q10 (1Y11). I have to provide my estimate by no later than 1200 2/2.

Thank you,

Chris,

I may be able to provide some sort of estimate by 2/1/2011. We are waiting on the report to complete that we will send to the offices for certification hopefully within the next day or 2. As long as this report processes I can provide you with the estimate off of this report. If you have not heard from me by 2/1, please check with me via again and I can provide you with an update.

Billy,

I believe when we talked in early January, you informed me that the NRC was going through a conversion on its accounting systems and you did not have any estimate for what our 4Q10 (FY1Q11) costs would be. I need to provide an estimate of this cost as part of my January cost reporting since we show it as being paid in January. I understand we will not get the official invoice until February, and that is not a problem, but I need to at least provide some estimate by 2/1/2011.

Any information you can provide on this is appreciated.

Thanks,

Chris Kerr
