May 23, 1979

Mr. James G. Keppler, Director
U. S. Nuclear Regulatory Commission
Region III
799 Roosevelt Road
Glen Ellyn, IL 60137

Dear Mr. Keppler:

Kewaunee Nuclear Power Plant
Operating License DPR-43
Docket 50-305
IE Bulletins 78-12, 78-12A and 78-12B

In response to your request for information concerning atypical weld material from reactor vessel manufacturers, we have contracted Westinghouse Electric Corporation, suppliers of the Nuclear Steam Supply System at Kewaunee, to compile the necessary information from the reactor vessel vendors. It is our understanding that Westinghouse has been in contact with the NRC to discuss the quantity and format of the information to be provided and the problems that will be encountered gathering the information. We have been informed by Westinghouse that this information can be provided to us by the end of September, 1979. We, therefore, request an extension of the date for submittal of this information until October 31, 1979.

Very truly yours,

A handwritten signature in cursive script that reads "E. R. Mathews".

E. R. Mathews, Vice President
Power Supply and Engineering
