

# DRAFT

## DCPP Long Term Seismic Program Update Evaluation of Updated Seismic Hazard Information Flowchart A - Overview

Process for Updates to the Long Term Seismic Program (LTSP)  
Seismic Probabilistic Risk and Seismic Margins Assessment  
(to be performed on a 10 year interval)

DRAFT

**DCPP Long Term Seismic Program Update  
Evaluation of Updated Seismic Hazard Information**

**Flowchart B – Seismic Margins Assessment**

**Notes:**

- 1) Or greater than or equal to the approved seismic margin exceptions for certain SSCs discussed in FSARU Section 2.5.6.2.1.1.
- 2) Unless the SSC is one of the approved seismic margin exceptions below 1.0 discussed in FSARU Section 2.5.6.2.1.1.
- 3) Or to achieve the minimum approved seismic margin exception discussed in FSARU Section 2.5.6.2.1.1.

**DRAFT**
