Mr. James G. Keppler, Regional Director  
Office of Inspection & Enforcement  
U. S. Nuclear Regulatory Commission  
Region III  
799 Roosevelt Road  
Glen Ellyn, IL 60137

Dear Sir:

Docket No. 50-305  
Operating License DPR-43  
IE Bulletin 79-18, Audibility Problems  
Encountered on Evacuation of Personnel from High Noise Areas

In response to the referenced bulletin, a detailed test procedure has been prepared which will be used to determine whether the current alarm and announcement systems at the Kewaunee Nuclear Power Plant are clearly audible or visible. The test procedure has been reviewed and approved by our Plant Operations Review Committee, and is scheduled to be performed today (9/21/79). We will report to your office the results of this test and any corrective action taken within thirty days from the test date.

Very truly yours,

A handwritten signature in cursive script, appearing to read "E. R. Mathews".

E. R. Mathews, Vice President  
Power Supply & Engineering
